Riva Runis a 2003 Beneteau Oceanis 393, now exclusively for sale with YOTI in Lake Macquarie, NSW.

The Oceanis 393, built in France and designed by Berret/RacoupeauYacht design, has a long waterline length, a decent size rig and keel, making her ideally suited for long-range and coastal cruising without compromising the great internal space for comfortable living.

On deck, her cockpit is deep and spacious with a centrally mounted steering wheel, a large protective sprayhood and a superb bimini. All halyard and control lines led aft to coach roof winches, and the overlapping furling headsail is led back to the coaming winches. The mainsail's single-line reefing is also controlled from the cockpit.

A Raymarine plotter is fitted at the helm and Nav Station. Raymarine wind, depth, speed and autopilot at easy access. The Icom HF and VHF are mounted at the chart table. The electric anchor windlass is controlled from deck.

Riva Runhas the versatile two-cabin layout, giving great flexibility for both accommodation and storage while having a huge generous cockpit locker. The interior is finished in Classic Beneteau Rosewood with plenty of light and air from hatches and windows. The aft cabin berth is a huge double with good headroom and storage. The owner's cabin forward is a generous size with en-suite head and a manual toilet. The second head is aft on the starboard side with a toilet and shower. The main saloon has a U shaped galley to port with plenty of storage and two fridges, with the saloon table forward to port. Navigation table to starboard and storage lockers and bureau forward.

Riva Runis in excellent condition, both above and below decks. Standing rigging renewed in 2015, and running rigging is in good condition. She is powered by a 56hp Yanmar with a 3-blade fixed propeller. 2 x 200ah AGM batteries (0000) are charged by engine, shore power, wind generator.
