Description

Price: AUD $555,000

'Panama' is a beautiful 2009 Beneteau Swift Trawler listed exclusively for sale with YOTI on Berowra Waters.

Designed for extended coastal cruising, the Swift Trawler is a unique vessel which offers a no-compromise combination of traditional trawler styling, with semi-displacement performance, allowing a cruising speed of 18 knots. Generous accommodation, excellent storage and practical deck layouts are all key attributes of this design.

Powered by twin Volvo Penta 300HP engines with just 816 hours and supported by a Cummins 7kW generator with 353 hours, 'Panama' is well equipped for reliable and long-range cruising. The MAX Power bow thruster means manoeuvring in tight spaces is a breeze.

Step aboard and you're greeted by a warm, classic English coastal feel, with beautiful mahogany woodwork, large windows offering 360-degree views, and traditional pull-down blinds and lampshades that create a refined, homely atmosphere. The 2-cabin, 2-head layout includes a forward master cabin with a semi-island berth and ensuite, plus a second cabin with a Pullman and fold-down bunk. The convertible salon provides an additional double berth if required. Excellent storage runs throughout, and the removable carpets and two reverse-cycle air-conditioning units further boost comfort, no matter the season.

Outside, the traditional trawler styling is matched with a highly practical and safe deck layout. Sunken passageways with high bulwarks provide easy movement from the cockpit to the foredeck, and a well-equipped swim-step provides a perfect platform for cruising activities. Upstairs, the flybridge offers an excellent space for navigating and entertaining, complemented by settees, a fridge and sink, and a full set of clears for complete shelter. The 250kg Davco crane supports a Highfield 2.3m tender with a Mercury 15hp outboard, making 'Panama' well equipped for exploring beyond the marina.

Key maintenance and upgrades
Engines and generator serviced March 2026
Antifoul July 2025; regularly dived for checks and cleaning
New engine gauges at flybridge helm August 2026
Raymarine Axiom GPS at both helms 2024
Raymarine Quantum Radar 2024

'Panama' represents an excellent opportunity to acquire a beautifully presented Swift Trawler that offers the comfort, practicality and character of a traditional trawler, combined with the performance and modern equipment to make longer-range cruising both enjoyable and effortless.

Contact Luke Holliday for more details and to arrange inspection.
