Description

Huge Price Reduction: Now \$495,000

'Just Reward' is a 2005 Brady Leopard 42 Powercat now exclusively listed For Sale with YOTI in Berowra Waters.

Designed by renowned Australian multihull designer Peter Brady, 'Just Reward' is a proven cruising power catamaran that perfectly suits Australian conditions. Brady cats have developed a loyal following among experienced cruisers thanks to their efficient hull design and impressive cruising range.

Powered by twin 260hp Steyr diesel engines with approximately 900 hours, 'Just Reward' offers economical and dependable cruising. With a fuel capacity of 2,000 litres and a range in excess of 800 nautical miles, she is exceptionally well suited to owners seeking freedom and flexibility away from marinas. Significant investment has been made in the vessel's cruising systems, including a new Mase generator installed in 2024, lithium house batteries, Victron inverter and charging systems, 630 watts of solar generation and an Aquabase watermaker. Together, these systems create a highly capable and self-sufficient cruising platform for extended time aboard.

The accommodation layout is both practical and spacious, featuring three queen cabins, including a generous owner's cabin with ensuite, along with a dedicated utility room complete with washer/dryer facilities. The wide-beam catamaran platform creates excellent separation between living spaces, while the light-filled saloon provides panoramic views and a comfortable environment for life aboard. The galley is well equipped and comfortable to be in. The fully enclosed flybridge is a real highlight and somewhere you'll end up spending most of your time as it offers outstanding visibility, plenty of comfortable seating and all-weather protection, making it an ideal space for both entertaining and passagemaking.

Presented with extensive cruising equipment and a quality Simrad navigation package including radar, AIS and autopilot, 'Just Reward' has been thoughtfully upgraded and meticulously maintained by her current owners. More importantly, she has been used exactly as Peter Brady intended - undertaking extensive cruising along Australia's East Coast and proving herself as a capable, comfortable and reliable long-range cruising platform. Combining genuine cruising pedigree with practical liveaboard comfort, 'Just Reward' represents an outstanding opportunity to acquire a proven Australian-designed power catamaran ready for her next adventure.

For buyers seeking further information, we have a comprehensive inventory and detailed maintenance history available upon request.
