Description

**** NOW SOLD -[CLICK TO VIEW SIMILAR LISTINGS](#)****

Fantastic Lady is a 2006 Catalina 320, listed exclusively for sale with YOTI on Pittwater.

Designed by Gerry Douglas for Catalina Yachts, the Catalina 320 has been one of the most popular coastal cruisers of its size, with well over a thousand examples built since its introduction. It delivers a genuinely spacious cockpit and strong interior volume. It's a boat built around comfortable, uncomplicated cruising and easy to sail short-handed with an in mast furling mainsail and a furling headsail.

Fantastic Lady presents as a well maintained example, with a clear history of proactive mechanical work. The 29HP Yanmar presents immaculately with approximately 1400 hours on the clock and has since had its engine hoses, thermostat and exhaust hose replaced, followed by a stainless steel exhaust elbow and a completely new fuel line, with the engine coolant refreshed in 2025. She has been conscientiously serviced every 100 hours throughout her current ownership with the most recent service being done in August 2026, giving you peace of mind when you're out on the water.

On deck, the stainless steel standing rigging was replaced in 2019, and the in-mast furling mainsail (fitted approximately 2016) is joined by a brand new Genoa installed in 2026, with new sheets fitted the year before. The Maxwell anchor winch has updated foot controls and now runs out 60 metres of Australian-manufactured chain, a substantial upgrade from the original 35 metres. She's further equipped with a whisker pole, a full set of docking lines and fenders and the boat is protected by a complete cover set - bimini, dodger, hatch covers, helm cover and winch covers.

Below, the two-cabin, four-berth layout is rounded out by a saloon table that drops down to sleep two more. Two showers one internal and one external on the transom which is perfect for a rinse off after a swim or a sail. It has one head down below in the saloon and in 2023 all of the toilet and waste hoses were replaced.

Maintenance has been kept meticulously current. Fantastic Lady was hauled out and had the shaft bearing replaced, topsides polished, full antifoul and propspeed completed in April 2026.

With a genuinely thorough maintenance history and a long list of recent upgrades already taken care of, Fantastic Lady is ready to be sailed away and enjoyed with confidence.

Key Features

-

Yanmar 3YM30 diesel, 1,400 hours serviced August 2026

-

New Genoa (2026) with new sheets (2025)

-

Stainless steel standing rigging replaced 2019
