## Description

Windninja is a 2016 Corsair Pulse 600 trimaran now exclusively for sale with YOTI and The Multihull Group.

Currently lying in Singapore, she will be available in Australia from June 2020. Delivered new to her owner in 2016, since then she has been raced at a club level in the Johor Strait. She is fast, fun and easily sailed by a solo sailor or with the family.

Fibreglass construction with extensive use of carbon throughout makes her a sporty and agile boat. Stored permanently out of the water she is in a superb condition with full boat cover and launching dolly. Windninja is certainly a head-turner with modern design and wave-piercing bows.

This Corsair Pulse 600 is the perfect boat for local club racing or weekends out on the water with the family.
