Description

Papalana is a single owner 2009 Dufour Grand Large 385 now for sale with YOTI.

Dufour yachts have a strong reputation for being respected well crafted cruising yachts. The builder has a philosophy that stresses a combination of performance and comfort under all manner of weather conditions. Dufour have successfully built speedy cruising yachts for almost 60 years. The 385's under body, with its fin keel with bulb and fine entry, combines speed and stability with fingertip control.

The twin wheels and drop down transom seat give a modern, large capacity, walk-through cockpit. The genoa winches are importantly easily reached via each helm. Instruments are by Raymarine and include auto-pilot, chart plotter plus a new Icom HF radio in just 2019.

Accommodation is seriously focussed to modern sailors needs - two good sized cabins (the master forward is very generous) plus a practical storage 'shed' to port with custom cupboards and cabinetry. An impressive sized head with separate shower stall sits to port and includes internal access to the storage cabin. The large in-line galley includes large refrigeration and lots of working space.

Papalana would suit those seeking some proper boat building quality combined with just enough real wood plus all those modern features that we all like to see. Her current owner has purchased a larger Dufour Yacht with friends which confirms his absolute satisfaction the brand.

Contact Peter for further details and to arrange inspection in Williamstown, Victoria.
