Description

Price: AUD \$325,000

Joker On Tour is a 2012 Elliott 1250 Tourer listed with YOTI in Melbourne.

The Elliott Tourer blends perfectly that elusive mix of cruisability and performance. The 1250 is an easy to handle, safe, comfortable, fun machine. The striking feature that sets the Tourer apart is the Pilot House design. This allows the cockpit to seamlessly flow to the fully protected saloon with wrap around views.

The semi-open transom and twin wheel steering allows for full walk-through cockpit access. All four large Andersen winches (one of which is electric) can be reached from the helm - this is a boat designed to be easily sailed short-handed. Instrumentation is by Raymarine with GPS plotter in the cockpit, RADAR, and auto-pilot. There is both bow and stern thrusters to make docking easy.

This is a full three double cabin layout with substantial saloon and storage space. The galley has both fridge and freezer.

The sail plan is complete and chosen with ease, flexibility, and performance in mind. There are two mains, three headsails plus a furling staysail. There are four asymmetric kites plus a furling Code 0. The keel with lead bulb is lifting which offers a range of draft from 1.4 to 2.9m. The 52Hp Yanmar is easily accessed via the saloon floor.

Joker On Tour is offered for sale by just her second owners and has been regularly and professionally maintained with manuals, original building plans, and service history included. Contact Peter at YOTI for further details and to arrange inspection at Martha Cove, Victoria.

Features

Designer	Greg Elliot
Builder	Levy Fibreglass, Victoria
Water (Potable) Capacity (l)	390L
Hull Construction Material	Fibreglass/GRP/Polyester
Hull Type	Monohull
