Description

Price Now Reduced: AUD \$83,000

'Kahibah' is a Fareast 28R listed exclusively for sale with YOTI on Sydney Harbour.

Fun, fast, exciting, and simple, 'Kahibah' is a premium inshore racer built for those who appreciate sailing in its purest form. The Simonis Voogd design has proven to be a massive success internationally, with over 650 yachts sold worldwide.

Fareast Yachts utilise a high-tech vacuum-infused foam sandwich construction with iso-polyester resin, producing an incredibly lightweight yet rigid hull. This allows her to easily pop onto the plane in moderate breezes, capable of clocking over 20 knots downwind under her asymmetric spinnakers.

Kahibah presents a rare opportunity to bypass the wait-time and step straight into a fully optimised, ready-to-race yacht. Launched in 2025, she remains under Fareast's 24-month factory warranty. The current owner has invested over \$115k in this package, making her arguably better than a brand-new boat with all the critical extras already sorted.

This package includes a full racing wardrobe of Aramid membrane UK Sails, some Category 7 safety equipment, two outboard motors (petrol and electric) and a professionally antifouled hull (last done Oct 2026). Designed with a lifting keel and removable deck hardware, she can be easily packed down onto a trailer for interstate regattas or to store out of the water.

For sailors looking for a high-performance racing weapon operated on a minimal budget, Kahibah represents unbeatable value.

For further information or to arrange an inspection on Sydney Harbour, please contact Luke Holliday.

Features

Designer	Simonis - Voogd
Builder	Fareast Yachts
Hull Construction Material	Vacuum infused foam sandwich with isopolyester resin
Hull Type	Monohull
