Description

Built in Sweden in 2004, the Hallberg-Rassy 40 'Cocomarje' is a well presented and specified blue water cruising yacht from one of the world's top builders, now exclusively For Sale with YOTI in Queensland.

When the previous owner chose this yacht, the idea of a safe vessel with complete redundancy in her systems was the priority. This is evident in the inventory's two completely independent autopilot and navigation systems. In addition, the rigging was replaced in August 2021 and, for ease of handling, Cocomarje is fitted with a Selden in-mast furling main (new 2022) and furling jib (new 2022), and inner forestay for storm sails.

Hallberg Rassy's have inescapably lovely lines, just what you can accept from the renowned naval architect, German Frers. There is a built solidity that inspires confidence, and this is only increased by the deep, well-enclosed cockpit, vital for the feeling of safety and security. No one needs to be persuaded to sail a Hallberg Rassy.

'Cocomarje' has a logical interior layout, designed for long periods on board either at sea or in the harbour. The interior woodwork is beautifully finished in mahogany with a light matt silk finish. The floor is single-level throughout the boat, in varnished teak with inlaid holly stripes and carpeted throughout for protection. The forward V-berth is a great guest cabin, but the real drawcard for this yacht is the enormous aft cabin with accommodation across the entire beam of the boat aft. The galley is very usable, as is the navigation table portside and midships. The displacement of the yachts is designed not only to give the generous stowage needed for extended voyages but also space for modern comforts.

Notable 2019 -2022 upgrades, besides the sails and all standing rigging, include: a Whisper power Piccolo 5 (4.4kva) diesel Genset, a Highfield 310 Rib, a Yamaha 6Hp outboard, a Washing Machine, 400w solar on custom s/steel arch, an Eno gas stove, a 2 Kw inverter, an Iridium Sat phone with external antenna, an Ais Transceiver and a 4-man Liferaft with Epirb.

Please contact Robert Vrind for further details and arrange inspection on the Gold Coast.

Features

Designer	German Frers
Builder	Hallberg-Rassy, Sweden
Water (Potable) Capacity (l)	460L in 2 x tanks with manifold and carbon filter.
Hull Construction Material	GRP
Hull Type	Monohull
Deck Construction Material	GRP with teak
Length (feet)	40' 8"
Length (m)	12.40
Beam/Width (m)	3.82
Draft (m)	1.99
Keel/Ballast	Lead Fin

Displacement
