Description

**** NOW SOLD -[CLICK TO VIEW SIMILAR LISTINGS](#)****

Limelight is a 2015 Hanse 345 now for sale with YOTI and COVE in Victoria.

This is a modern, easy, and quick cruiser in great condition. The cockpit is super impressive with twin wheels and a large boarding / swim platform. Lines are led aft to the electric winches directly in front of the helms. In addition, there is an auto-pilot, cockpit mounted chart plotter, and self-tacking headsail so single-handed sailing couldn't be easier.

The mainsail and jib were chosen in the upgraded Elvstrom FCL (Fast Cruise Laminate) plus there is a Roller Furling Gennaker (G Zero) from Norths. This furling sail is easily controlled from the cockpit with a continuous furling line.

Down below is the preferred two cabin layout which allows for the massive head and shower space plus the cockpit storage which is accessible internally and via the cockpit.

The house batteries have been replaced in just 2023 and the last major service with anti-foul and engine service was completed in September 2023. Engine hours are only around 345.

The Hanse 345 is a seriously versatile option and Limelight is a very well kept example in excellent condition with a great inventory. She would suit someone wanting to step into a late model - ready to go option with some fun and exciting upgrades.

Contact Peter Mactier for further details and to arrange inspection in Martha Cove on the beautiful Mornington Peninsula.
