Description

**** NOW SOLD -[CLICK TO VIEW SIMILAR LISTINGS](#)****

Satisfaction II is a 2015 Hanse 345 listed exclusively for sale with YOTI on Pittwater.

This is a modern, easy, and quick cruiser in impressive condition. The cockpit is big with twin wheels and a large boarding / swim platform. Lines are led aft to the winches directly in front of the helms. In addition, there is an auto-pilot and self-tacking headsail; so single-handed sailing couldn't be easier.

In Satisfaction II we have a big list of significant extras and updates. In addition to the self-tacking headsail there is a 105% genoa for maximum upwind performance. For sliding away from the breeze there are two Norths asymmetric spinnakers - a running gennaker in a sock and a close reaching gennaker on a Selden furler. This is a very fun sail plan! Importantly, the full four winches are installed (most 345's simply have two as standard). The house batteries and charging system have been professionally upgraded to lithium. The B&G Zeus 9" plotter in the cockpit was installed new in 2023. There is AIS and a large inverter.

Down below is the preferred two cabin layout which allows for the massive head and shower space plus the cockpit storage which is accessible internally and via the cockpit. Engine hours are around 460. She was last anti-fouled and serviced in June 2025 and importantly the standing rigging was professionally replaced at the same time.

The Hanse 345 is a seriously versatile option, and Satisfaction II is probably the highest specified example we have seen.

She is in great condition and would suit someone wanting to step into a well kept ready to go option with some seriously fun and exciting upgrades. Contact Peter for further information and to arrange inspection on a marina berth on Pittwater.

Features
