Description

Price Now Reduced: AUD $169,500

'Andiamo' is a 2006 Hanse 370e, listed exclusively for sale with YOTI on Pittwater.

Hanse has become one of the world's largest and most successful production yacht builders, and the 370e is a Judel/Vrolijk design that blends easy handling with genuine sailing performance. It is a very popular model, thanks to its epoxy hull construction, which creates a strong hull with a reduced chance of osmosis.

'Andiamo' has had significant work in recent years. The standing rigging and most of the running rigging were replaced in 2021, and she carries a fully battened tri-radial mainsail (2022), a self-tacking tri-radial jib, a No. 2 genoa (2012) and a Rolly Tasker Code 0 in a sock (2024). Sail handling is made easy with six winches in the cockpit, one of which is electric and used to hoist the mainsail. A really nice sailing feature on this particular Hanse is that she was specified with additional genoa tracks as well as the self-tacking track. To protect the cockpit from the elements, there is a beautiful bimini and dodger with a linksheet in between, and side clears that were new in 2023.

Electronics include a Garmin GPSMAP chartplotter down below and Garmin instrument displays at the helm (2018), a Simrad AP16 autopilot, and AIS transmit and receive, fitted in 2022. You can link a tablet wirelessly to the Garmin down below and use it at the helm while sailing. The boat is powered by three 120Ah deep cycle house batteries and an additional engine start battery, which can be linked in an emergency. The bimini has a 100W solar panel on top, and the boat comes with a small 300W portable inverter.

Below, the layout is two double cabins plus a double berth in the saloon. The galley has a gimballed two-burner stove and oven, a large 12v fridge and twin sinks. The head has an electric toilet (new macerator 2022) and a hot and cold shower, and there is another shower on the transom. New saloon upholstery was fitted in 2018 and a new Isotherm hot water service in 2024. A drop-down stern access stair makes boarding from the dinghy or dock simple, and a Truekit Navigator 2.5m inflatable with a Tohatsu 6hp outboard is included.

The Yanmar 3YM30 has approximately 1,300 hours, and both the engine service and antifoul are dated October 2026.

'Andiamo' would suit those looking for a well-equipped, easy-to-sail cruiser for Pittwater and the coast.

Key Features
Standing and most running rigging replaced 2021
Mainsail (2022), self-tacking jib, No2 Dacron Genoa, Rolly Tasker Code 0 (2024)
Garmin plotter and instruments (2018), Simrad autopilot, AIS (2022)
Truekit Navigator dinghy and Tohatsu 6hp outboard included

For further details or to arrange an inspection on Pittwater, please contact Ross Price at YOTI.
