## Description

\*\* NOW SOLD -[CLICK TO VIEW SIMILAR LISTINGS](#)\*\*

'Havana' is a 2012 Hanse 385 listed exclusively for sale with YOTI in Sydney Harbour.

The Hanse 385 is renowned for its balance of performance and comfort, and Havana is an excellent example. With her Judel/Vrolijk lines, North sails in mast furling and self-tacking headsail, she is designed to be sailed short-handed with ease while still delivering the responsive performance Hanse is known for.

A deep 1.99m keel with rod-linked Jefa steering ensure both control and efficiency under sail and power. The Volvo D2-30 (27.3HP) engine shows approx. 1,900 hours and is well maintained with a full engine service done towards the end of 2024 (heat exchanger & exhaust elbow replaced early 2024). It also comes with a new saildrive replaced in 2020.

On deck, the cockpit is inviting and practical: twin wheels, a folding table, and a wide drop-down swim platform make her ideal for both cruising and entertaining. A bimini with solar panels and dodger provide shade and protection.

Below deck, the two-cabin layout offers a generous forward owner's cabin, a spacious aft double cabin, and a large saloon with excellent headroom and natural light thanks to multiple hatches and windows. The galley is a real highlight thanks to the generous space provided by the two-cabin layout. There's also convenient access to the starboard cockpit locker with built-in shelving. The galley itself is well appointed with a two-burner stove and oven, double stainless steel sinks, microwave, and a large 12V top and side-loading fridge.

With her combination of comfort, style and true Hanse performance, Havana is a versatile and well-specified yacht, equally at home coastal cruising, twilight racing or enjoying extended weekends away.

Contact Ross Price for further details and to arrange an inspection of Havana, the Hanse 385, in Sydney.
