Suburb	SYDNEY	Engine Make	Model - VOLVO D2-40F.

Description

2Easy is a Hanse 415 that is now listed exclusively for sale with YOTI on Sydney Harbour.

Launched in July 2015 and commissioned by Team Windcraft, this is one of the later model 415's to hit the Australian market. 2Easy is the sort after three cabin / 2 head layout with in mast furling.

The yacht is offered for sale by her original owner with a substantial inventory and impressive original order.

Her forward owner's cabin gives impressive space when compared with many other 40 footers plus features the rare second head and shower. The saloon is practical and modern, light and airy with two full sized opening hatches above and opening side hatches. Two comfortable seats are located either side of the navigation table which lowers to make a large in- line seat or additional single berth. The saloon table folds out

A buyer should instruct his agents and/or surveyors to investigate such details buyer desires validated. This vessel is offered subject to prior sale, price change or withdrawal without notice.

to accommodate more ample dinner guests and the slide out berth in the saloon seating makes a fourth double. Two big double cabins are aft and the impressive head and shower space includes full shower with screen. Both toilets are electric and both have holding tanks.

Being a later model 415, the second water tank was factory fitted giving 520 litre capacity. Electronics by B&G include a colour plotter at the cockpit table, instrument displays at the helms, AIS, VHF radio with additional hand set repeater, and Autopilot. The Fusion sound system (inc docking station and Bluetooth) can be controlled both in the saloon and the cockpit.

The in mast furling mainsail controlled by two upgraded electric winches complement the Hanse signature self-tacking headsail brilliantly, making sailing life hassle free. Halyards and sheets are led directly aft to the helm winches freeing up the cockpit space. The mainsail and self-tacking jib have been upgraded new by Hood in just 2018 plus the spare main and jib are available. A Hood gennaker (asymmetric spinnaker) makes for very exciting and efficient sailing.

The seriously big drop down swim / boarding platform offers a huge increase to cockpit space when needed plus the BBQ is easily reached. The Hanse 415 is a responsive, fun, solid cruising yacht capable of very easy sailing, competitive club racing or extended cruising. 2Easy is in currently in survey classes 2C, 2D, 4C, 4D meaning the vessel presents an opportunity to earn income within charter boat fleets. 2Easy has successfully been operating within a leading charter yacht company in the Whitsundays and previously also in Sydney. Forward bookings would be available should the new owner choose to continue.

For further details and to arrange inspection on Sydney Harbour, contact Peter Mactier at YOTI.

Features

Designer	Judel/ Vrolijk.
Builder	Hanse Yachts Germany.
Water (Potable) Capacity (l)	520 ltrs Approx total (320 ltr fwd + 200 ltr stb) - Plastic ROTO moulded.
