Description

Price Now Reduced: AUD \$325,000

Introducing 'Sea Rambler', a Hanse 415 exclusively available with YOTI on the Gold Coast, Queensland.

We are pleased to present 'Sea Rambler, ' a well-presented and cared-for Hanse 415 launched in 2014. This performance cruiser combines creative design with excellent comfort, making it a standout choice for sailing devotees.

Upon boarding, you will notice the thoughtfully designed cockpit, which features a clean layout that is free from cabin top winches. All lines from the mast are led under the deck surface to banks of stoppers positioned conveniently near the optional electric primary winches located on the cockpit coaming at the helms. This setup enhances ease of handling and provides a streamlined sailing experience.

Key attributes of the Hanse 415 include excellent visibility from the dual helms, a user-friendly walk-through stern, and spacious seating in the cockpit. The unobstructed deck allows ample room to relax and enjoy the surroundings, whether under sail or at anchor. Her custom composite bimini, with solar panels, connects with an infill to the protective sprayhood, shading the entire cockpit.

The hull design is robust, with solid fibreglass construction below the waterline complemented by balsa coring on the topsides and deck. A layer of vinyl ester resin applied next to the gel coat effectively prevents blistering. The L-shaped cast-iron keel, secured with stainless-steel bolts, contributes to the vessel's sailing performance.

Her full array of B&G instrumentation includes a large cockpit-mounted plotter, 4G Radar autopilot, and AIS transceiver. She is fitted with the upgraded 55HP Volvo engine, with only 520hrs and a three-blade folding propeller.

Attention to detail is also evident throughout the interior. The companionway steps are designed at a gentle angle, providing easy access below decks. The accommodation layout is practical, with her U-shaped settee to starboard, twin seats, and a nav station to port. The settee can be pulled out to create a double berth in the saloon. The well-appointed galley has a separate pantry with additional fridge space. Aft of here is the massive storage locker, also accessible from the cockpit.

The main cabin forward is ensuite, with a desk and plenty of storage. Port aft in the saloon is another head with an enclosed shower and the second double cabin. There are thoughtful enhancements, such as dimmable and indirect lighting, custom shades and dedicated wine storage beneath the dining table.

With its combination of speed, manoeuvrability, and comfort, the Hanse 415 is the perfect performance cruiser. 'Sea Rambler' has been carefully maintained, with antifouling and polishing done in Aug '24.

Discover what makes 'Sea Rambler' an exceptional choice for your sailing adventures. For further information and to arrange an inspection at Southport Marina, Gold Coast, please contact Robert Vrind.
