Description

Price: AUD $299,000

'Ballistic' is a 2004 Hanse 531 listed exclusively for sale with YOTI on Pittwater.

The Hanse 531 showcases the quality, substance and thoughtful design that has made Hanse yachts so highly regarded among serious cruisers. Well equipped, strongly built, and well maintained, she is a compelling option for those looking to cover serious miles in comfort, safety and style.

She offers several features increasingly rare on modern production yachts, including an acoustically and thermally insulated deck and oversized hardware throughout, from winches and blocks to steering-gear components. The result is a yacht that feels substantial underfoot and well equipped for extended passages. Her powerful sail plan delivers impressive performance, with a furling self-tacking jib and four electric winches that make sail handling straightforward for two. All control lines run aft within easy reach of the helm stations, while a furling Code-O and two additional winches improve performance in lighter conditions.

Below deck, the two-cabin configuration is particularly unique for a yacht of this size, with an interior that feels closer to a small superyacht than a conventional 53-foot production cruiser. Rather than sacrificing space across multiple smaller cabins, both cabins are exceptionally well appointed, with generous proportions, extensive storage and with their own ensuites. The saloon and galley are equally impressive. Luxurious armchairs, plush sofas, and a beautiful, genuine timber fit-out create a warm, homely atmosphere, while the U-shaped galley is enough to make those used to domestic kitchens feel right at home.

Powered by a low-hour 100hp Yanmar diesel with shaft drive and complemented by a bow thruster, 'Ballistic' offers reassuring mechanical capability and confident manoeuvrability around the marina. Her cruising equipment includes a generator, water-maker and solar power, supporting greater independence away from shore facilities and making her well suited to extended coastal or offshore adventures.

Recent maintenance includes:
Antifoul, hull polish, prop-speed, new cutlass bearing, re-sealed teak decks and an engine service (2026)
New 10mm anchor chain; and insurance survey report available for inspection (2025)
Rig removed and inspected, and a new mast boot fitted (2019)

'Ballistic' is a substantial, capable and beautifully appointed cruising yacht, offering the build quality, sailing performance and onboard comfort to take her next owners wherever their ambitions lead.

For further details or to arrange an inspection on Pittwater, please contact Luke Holliday.

Features

Designer	Judel / Vrolijk
Builder	Hanse
Water (Potable) Capacity (l)	750
