Description

Built by Jeanneau Yachts in France in 2015, 'Mojito' is a beautifully presented Jeanneau 57 now exclusively For Sale with YOTI.

Ordered with nearly all the boxes ticked, Mojito's specification includes an upgraded 140hp shaft driven diesel, Onan 9.5kva genset running a full electric galley and Cruisair Multizone reverse cycle air conditioning. An electric furler runs her J1 and an easily controlled furling cutter rig sits inside. All sailing winches are electric and her main is in mast and brand new. A very simple and efficient davit system controls her RIB tender.

Her layout is exceptionally versatile. From the stern, her full beam owners cabin and ensuite is incredible. A raised saloon allows great vision and light and her slightly sunken galley to port and aft is usable and well specified. Her forward cabin can be partitioned to form two guest cabins with pullman bunks and separate heads, or a massive forward cabin with four berths and two heads. Forward of the heads is a V-berth or deck accessed storage.

Her cockpit was designed for lounging. With a massive Bimini, Dodger and clears the entire cockpit can convert into a completely protected space.

Please call Tim Vine for further details on this very well specified and designed Bluewater cruising yacht.

Features

| | |
|------------------------------|---|
| Designer | Philippe Briand Yacht Design |
| Builder | Jeanneau Yachts |
| Water (Potable) Capacity (l) | 620L rotomoulded tanks |
| Hull Construction Material | Monolithic GRP hull hand-laid into a 2-part opening mould. Barrier coat used to guard against osmosis. Hull moulded with bow-thruster tunnel. |
