Description

Launched in late 2004, BLISS is a 60' luxury, pilot house bluewater cruising yacht in current 2C commercial survey and now For Sale with YOTI Sydney.

Rarely does an opportunity come along to own a yacht like BLISS ! Built in Australia by Azzura Yachts and designed by Scott Jutson, BLISS is in current 2C commercial survey and ready for local exclusive charter experiences. Her clean ultra-modern lines, extensive entertaining areas, perfect sailing manners and spacious accommodation will suit the small group, luxury charter space perfectly. Built in 2004, with one owner from new, she has been professionally maintained by a full-time crew and is in excellent condition. Bliss is ideally set up for crewed charter, having been lightly worked in The Whitsundays, and is being sold with commercial survey offering her owner the flexibility of a lifestyle business opportunity.

Her split cockpit allows the boat to be handled by the skipper with guests sitting forward and out of the way. She features twin helms with full instrumentation at both. Her layout includes three private queen size cabins, including owner's stateroom forward. Each cabin is self-contained with private en-suite, individually controlled air conditioning and flat screen TV. Her panoramic elevated pilot house includes a large dinette and internal navigation station allowing all functions of the yacht, including instrumentation and bow thruster to be duplicated from the cockpit. Three steps down from the pilot house takes you into the galley area and into the owner cabin stateroom. A crew pullman cabin with two single bunks is to starboard.

A large stainless-steel galley offset to port immediately forward of the pilot house includes a domestic size LPG oven and cooktop, microwave oven, front opening refrigerator, top opening freezer, ice maker, twin stainless sinks, two dishwashers, and under bench and overhead stowage and coffee maker.

BLISS is berthed in Middle Harbour and available for inspection by appointment at any time. Please call Tim Vine for further information or to discuss this great opportunity.

Features

Designer	Jutson Marine Design
Builder	Azzura Yachts Australia
Water (Potable) Capacity (l)	1,606L in stainless steel tanks.
Hull Construction Material	GRP balsa core
