Description

Price Further Reduced: Now $980,000 AU

MeetKianga, a superbly maintained 2016 Knysna 500SE offering a rare opportunity in the bluewater catamaran market. Built by South Africa's boutique Knysna Yacht Company, this 50-foot sailing cat combines hand-finished craftsmanship with proven offshore performance.

Knysna Yacht Company are known for their limited-production, hand-finished multihulls. Knysna yachts combine solid construction, bluewater performance, and refined living spaces.

Designed for voyaging, the 500SE is a proven liveaboard bluewater catamaran. Her sleek lines and strong, reliable build allow confident offshore sailing, while her spacious interior provides comfort for extended time aboard.

Interior

The saloon seats six to eight around a raised dinette and includes a bar with a custom wine rack and a 40" TV. The galley features a stainless oven/grill, 150-litre fridge/freezer, a separate 90-litre freezer, generous bench space and storage. Below, the full-beam owner’s suite to port includes a desk/vanity and a large en-suite. To starboard, two guest cabins—each with private en-suites—offer welcoming, private spaces. Maple joinery, dimmable lighting, air-conditioning, and large windows enhance the interior.

Cockpit & Helm

A teak cockpit with dining for eight, integrated seating with refrigerated locker, wet bar, and Force 10 BBQ makes entertaining easy. The composite coachroof has twin sliding glass hatches for ventilation. A separate helm hardtop with roll-up clears provides excellent protection to the fully equipped helmstation, while a Fusion system with cockpit speakers sets the soundtrack at sea.

Systems & Performance

Kiangais designed for dependable performance. She is powered by Twin Yanmar 57 hp diesels with SD60 saildrives. Her tanks carry 600L of fuel and 600L of water, backed by a 100L/hr watermaker. Navigation is via a full B&G suite (16" plotter, radar, autopilot, wind/depth, AIS, VHF). Electricals include Mastervolt lithium batteries (1,080 Ah), inverter/charger, Kohler 7 kW generator, Starlink and 800 W of solar, supporting off grid living. Sail handling is straightforward with a fully battened mainsail, roller-furling genoa, and electric winches. She comes with a new (’25) Aurora 3.1 m tender and is fully polished.

Kiangais an exciting, turnkey, ready-to-sail, fully equipped option for those looking to step aboard a bluewater-capable catamaran without waiting for a new build.

Please contact Robert Vrind to inspectKiangaat the Boatworks, Gold Coast Marine Precinct, Queensland.
