Description

Built in France in 2003, Saci is a Lagoon 380, now exclusively for sale with YOTI Queensland.

With nearly 1000 Lagoon 380's built, this is the world's most successful cruising catamaran to date. The overall size of the 380 covers all bases, including simple couple day sailing, extended family cruising and even entertaining multiple guests. Even today, few catamarans can offer such a useable and practical steering position as the 380 - to view all four corners of the vessel while being slightly elevated from the cockpit, yet having complete uninterrupted contact with guests in the cockpit and even saloon. In addition, the recessed cockpit feels safe and secure and has ample storage lockers. Further impressive storage is found in both bow lockers and the forward deck lockers, just forward of her coachroof.

Saci has the versatile four-cabin layout for ultimate flexibility. Large double berth cabins are aft; centrally located the heads with showers and forward the slightly smaller but good-sized V-berths. The saloon is light and airy, with the navigation station to port. Centrally located is the curved saloon settee with a table. The L-shaped galley is to starboard, which opens via a breakfast bar to a cockpit/coffee table and dinette. There is a good-sized fridge and a cockpit mounted stainless steel gas BBQ.

Saci is powered by 2 x Yanmar diesel (port engine from 2012 with 2,415hrs - starboard 2010 with 2,950 hrs), has a Spectra 12v 24l/h Watermaker (service required) and for further autonomy, a 330 W solar panel. A Southern Pacific Rib with a 9.9Hp Mercury Outboard motor is stored on the davits. Her mainsail and genoa are in good condition, and her stainless-steel rigging was replaced in 2017.

Saci presents a great opportunity to commence your sailing dreams in a Lagoon. Contact Robert Vrind for further details and to arrange an inspection at the Boatworks, Gold Coast Marine Precinct, Queensland.

Features

Designer	Van Poeteghem
Builder	CNB / Lagoon France
Water (Potable) Capacity (l)	2 x 300L freshwater rotomoulded tanks, 600L total capacity.
Hull Construction Material	GRP
Hull Type	Catamaran
Deck Construction Material	GRP
Length (feet)	37' 11"
Length (m)	11.55
Beam/Width (m)	6.55
Draft (m)	1.15
Keel/Ballast	Fin mini-keels
Displacement	7,500kg
Engine Notes	New 80amp alternator port engine (2020), new S/S engine mixer X 2 (2018), new sea water pump X2 (2019). Various engine spares.
