Description

** NOW SOLD -[CLICK TO VIEW SIMILAR LISTINGS](#)**

Seabreeze is 2004 Lagoon 380, built in France, now exclusively for sale with the YOTI team in Queensland.

The Lagoon 380 is the world's most successful cruising catamaran to date and covers all bases including simple couple day sailing, extended family cruising and even entertaining multiple guests.

This is a social catamaran easily handled by two yet with enough room and proven capability to cruise oceans, with good upgrades where it matters. It offers such a good steering position, where one can view all four corners of the vessel while being slightly elevated from the cockpit yet having complete uninterrupted contact with guests in the cockpit and even saloon.

Seabreeze has the four-cabin layout, with two good size heads, for ultimate flexibility. Her entrance sliding door and window seamlessly links the cockpit and the light and airy saloon. The galley is just where we want it, up and within reach of both the saloon and cockpit tables.

This vessel is powered by 2 x Yanmar diesel, installed only in 2017 with less than 660 hours on them. All her standing rigging was replaced in 2018 and she also comes with 650w Solar, Honda portable genset to run the Rainman 140l/h Watermaker and back up battery charging, inverter, dinghy with outboard, Asymmetrical Spinnaker and more. Please see the full inventory for all the upgrades.

Seabreeze has been well-loved and maintained by her current owners of many years, with many upgrades and presents a great opportunity to commence your sailing dreams in a Lagoon, at a competitive price.

Contact Robert Vrind for further details and to arrange an inspection in Newport, SE Queensland.
