## Description

Price: AUD \$829,000

OneWORLD, a well-maintained 2018 Lagoon 42, now exclusively offered for sale with YOTI in Queensland.

The Lagoon 42 is one of the most successful cruising catamarans in its class, celebrated for its excellent balance of performance, comfort and ease of handling. Designed by VPLP, Patrick le Qu ment and Nauta Design, the model features a highly practical layout with the aft cockpit and saloon seamlessly connected on one level, while the well-positioned helm provides excellent visibility and easy access to all sail controls -- ideal for short-handed sailing.

oneWORLD is the sought-after Owner's Version, offering three cabins, including a dedicated owner's hull to starboard, complete with a spacious ensuite and separate shower. The saloon is bright, airy and functional, featuring leather upholstery, convertible dining and excellent ventilation throughout. Air conditioning and Webasto heating ensure comfort in a wide range of climates and cruising conditions.

The galley is well-equipped for extended cruising, with a gas stove and oven, multiple fridges and a freezer, a convection microwave, and a Siemens washer/dryer.

Designed for self-sufficient passage-making, oneWORLD is fitted with a comprehensive power and utility package including a Mastervolt lithium battery system, 980W of solar, inverter/chargers and an 11kW Onan generator. A 200L/h SeaRecovery watermaker further enhances her long-range cruising capability.

Sail handling is efficient and uncomplicated with a square-top mainsail, self-tacking jib and two additional Code sails. The electric winch and thoughtfully designed helm station make operation straightforward and enjoyable. Twin Yanmar 57HP engines with folding propellers provide dependable performance under power.

Navigation is centred around B&G electronics, including 2 x Zeus displays, radar, AIS and autopilot. Starlink and Iridium GO are fitted for worldwide communications.

On deck, the hardtop bimini with full clears offers excellent protection from the elements, while the teak cockpit and transoms provide both practicality and style. The vessel is equipped with quality ground tackle, davits and a comprehensive safety inventory.

Maintained to a high standard and presented in very good condition, oneWORLD is a well-equipped Lagoon 42, ready to continue her next cruising adventure.

For further information, please contact Robert Vrind on 0428 47 22 31.
