Description

**** NOW SOLD -[CLICK TO VIEW SIMILAR LISTINGS](#)****

Now \$955,000 AUD

‘Serenity’ is an absolutely immaculate and exceptionally well-specified Lagoon 42 exclusively for sale with the team at YOTI.

Now lying on Pittwater, she was delivered into Australia in 2022 by TMG Yachts, the Australian Lagoon agents. ‘Serenity’ was specified for long-term, safe and self-sufficient bluewater cruising. Her substantial solar array, mounted on a custom arch, powers a large bank of Victron lithium batteries. As backup, an Onan 11kVA generator supports the electrical system and runs the 48,000 BTU air-conditioning servicing the cabins and living areas. All four cabins and lounging spaces feature upgraded upholstery and fitted custom linen covers.

Close-quarters manoeuvring is made easy with electronic throttles, a Dockmate system, B&G HALO20+ radar and a mast-mounted thermal IP camera with pan, tilt and electronic zoom. She is also equipped with down and forward-facing sonar as part of her upgraded B&G navigation package.

Her sail wardrobe includes an upgraded square-top mainsail, self-tacking jib and furling Code 0, delivering fast, effortless sailing. With an extensive specification already in place, there are very few options left to add.

Now available for inspection on Pittwater, please contact Tim Vine for further information or to arrange a viewing of this incredibly well-specified 2022 Lagoon 42.
