Description

Lying in Manly, Queensland, Arena is a 2019 Lagoon 46 in near new condition and now exclusively for sale with the YOTI team in Queensland.

Imported by The Multihull Group, the Australian Lagoon Agent, and further upgraded by her owner, Arena is an immaculate, fully specified turnkey vessel. With low hours, having just sailed the East Coast, she makes for an excellent alternative to a new catamaran with all the desirable upgrades already added. Specified with upgraded 57 Hp Yanmar engines, full air-conditioning, large capacity water maker, 11KVA Genset, 1.2 kw solar on a custom stainless-steel frame, Washer/Dryer, a full array of electronics and tender with electric start 20hp outboard.

The 46 has the new Lagoon DNA: clean lines, efficient modern rig, great steering position and a huge cockpit. Access into the cockpit via the wide transoms is excellent, with just two steps to deck level. The aft cockpit can be fully enclosed with clears and sun shade and can easily accommodate up to 10 people. The aft bench seat is complemented by the starboard mounted 'lazy boy' style day bed. The cockpit also features a wet bar with fridge, sink and Corian benchtops with ample storage.

The high-volume saloon is bright with the trademark Lagoon 360 Degrees views through the vertical saloon windows. There is an outward-facing chart table and U-shaped settee with a dining table. With easy access to the cockpit, the spacious galley has large Corian benchtops, a gas oven and hob, microwave, fridge, and a second fridge/ freezer. Galley storage is provided overhead, under the benchtops, under the floor and below the clever folding saloon settee.

The Owners suite to starboard has private access that can be closed by a sliding door. It is spacious and light, with large hull windows and indirect lighting. Aft is the island-style berth (2.05 m x 1.6m), midships is ample storage, a large settee with desk and additional drawers and shelves. The walk-in head has Corian tops, separate vanity, an enclosed shower and uniquely, a separate toilet with a sink. The two-port cabins have the same large berths and large hull windows. The new hull shape opens these spaces, making them feel spacious and light. They are both served by an ensuite head with an enclosed shower and feature the same Corian tops.

Back on deck, the forward cockpit is a relaxing place with access to the saloon by a large opening, drop-down window. Underneath the forward cockpit is full access to the Genset and water maker with additional storage in both bow lockers. The flybridge is accessed from either side, with a central helm position with excellent visibility. Engine controls, navigation instruments, including a large chart-plotter are all mounted here. Within reach of the helm are all the electric winches and the clever Flatwinder captive winch for mainsheet traveller control. Transom and spreader mounted cameras are helpful for those tight docking situations.

This vessel is fitted with the optional hardtop bimini, fully enclosed by drop-down clears and sun shade. The forward clear is from a tough stratoglass, ensuring optimal vision in adverse conditions. Cleverly integrated steps allow for good access to the bimini top and the sail bag. The cushions at the helm are fitted with fold-down backrests, allowing this whole area to transform into a large relaxing area quickly.

We are very excited to offer this beautifully presented 2019 Lagoon 46 in the owners' version. This vessel is turnkey and ready for extensive and autonomous bluewater cruising and liveaboard. Please contact Robert Vrind for details and arrange inspection in Manly, Queensland.
