Description

Price: EUR €850,000(Ex Tax)

'Rays of Son' is a Lagoon 46 now exclusively for sale with YOTI. Delivered by TMG Yachts, the Australian Lagoon agent, to her current owners in France as a new boat in 2023, she is currently lying in Sardinia, Italy, and can be easily inspected with short notice.

Incredibly well-specified by her experienced and careful owners and with the assurance of Australian registration, this Lagoon will appeal to a buyer ready to start their adventure now in a Lagoon 46 with an extensive, current and proven specification.

Ordered as the three-cabin owners' version and specified with a Mase 11.5kVA genset, a 52,000btu reverse cycle air-conditioning system, and a Tender lift hydraulic tender platform holding a Highfield CL340 Console with a 20hp 4 stroke Honda outboard, a lot of the more extensive options on the specification list were selected. A custom stainless-steel frame at the stern and her Dedicated marine custom composite Bimini house an extensive 2600w solar array, which feed 4 x 330ah Victron Lithium and 3 x 80ah Lifeline AGM Batteries. These are regulated by 2 x 3000w amp Victron quattro inverter chargers and upgraded Victron engine battery charging systems.

Her sailing and navigation instrumentation are all Raymarine and include 2 x Plotters, Raymarine multis, Raymarine AR200 augmented reality cameras and navigation, Raymarine 701 AIS receiver and transponder, a Raymarine Quantum 2 Doppler Radar, autopilot remote and Raymarine 3D real vision sounder and fish finder.

Also upgraded with Yanmar 57hp diesels and folding propellers with only 650 hours. She is an absolute turn-key opportunity.

This Lagoon 46 was carefully specified for long-term, safe and self-sufficient Bluewater cruising.

Please contact Tim Vine for further information or to discuss this immaculate Lagoon 46.
