Description

Price: AUD \$1,650,000

'Happy Days' is a 2018 Lagoon 52 SporTop, launched in Hong Kong in 2019, and now listed for sale with YOTI, Australia.

This beautifully presented and maintained vessel was initially ordered by an Australian owner in Hong Kong. All the desirable options were selected to ensure a genuinely self-sufficient, luxurious blue-water cruising catamaran. The second owner's meticulous upkeep and improvement have further enhanced the yacht's appeal, and they have enjoyed sailing the Whitsundays.

The SporTop version, which is known for its sportier look, offers a fluid silhouette, lower boom, and a large sundeck. The helm station, equipped with electric winches for all sail handling lines, provides an excellent line of sight and communications to the cockpit while maintaining visibility to all four corners of the vessel. This version's features enhance the overall sailing experience, making it the choice for those who value both performance and aesthetics.

Its diamond-shaped vertical bows, bevelled hulls, and tall, powerful rig enhance every sail while remaining faithful to elegance, comfort, safety, and user-friendliness. This model of Lagoon 52s has crossed the Atlantic Ocean multihull ARC in third place, with only two custom high-performance composite catamarans in front.

'Happy Days' boasts a four-cabin layout, each offering a luxurious retreat. No comfort is spared, with all cabins featuring natural lighting, excellent ventilation with deck hatches and portholes, complete vessel air conditioning, and elegant en-suite bathrooms. The fourth cabin even has a private entrance from the cockpit, adding an extra touch of exclusivity.

'Happy Days' blue water, liveaboard specifications include a 17.5Kva Onan generator for reliable power supply, 2Kw solar panels for sustainable energy, 1,440 Ah Mastervolt lithium batteries for efficient energy storage, and a C-zone monitoring and control system for easy management of onboard systems. There is ample cold storage with Vitrefrigo drawer style and Siemens domestic size fridges and freezers, Sea recovery 280 L/h watermaker, Induction cooking, Miele washer & drier and dishwasher.

There is a full array of B & Instruments with large displays at the helm and nav station, 4G Radar and forward scan Depthsounder, an upgraded Hydranet Triradial square top mainsail and jib, 2 Code 0 and a Highfield 390 Ocean Master Tender with console on hydraulic tender lift and Starlink.

This vessel is not just well-maintained but also presented in excellent turn-key condition. It has just been thoroughly polished, and both her engines and genset have been serviced, ready for her next adventure.

Please contact Robert Vrind for further details and to arrange an inspection of this unique and impressive catamaran in the Whitsundays, Australia.
