Description

Price: NZ \$1,895,000[Ex Tax; Ex New Zealand]

'Wishful' is a 2020-built, 2021-launched Lagoon 52 Sportop, listed for sale with YOTI, Australia and Orakei Marine, New Zealand.

Privately and fastidiously owned, this immaculate Lagoon 52 S has very low hours but enough to iron out any delivery issues. 'Wishful' is undoubtedly one of the best Lagoon 52 S available.

This yacht exemplifies a rare 3-cabin Lagoon 52 S (Sportop), with one hull dedicated exclusively to the owner. It has one of the largest owner's cabins available on a Lagoon catamaran, and no comfort is spared, with all cabins boasting incomparable natural lighting, excellent ventilation with deck hatches and portholes, and luxurious en-suite bathrooms.

This is the much sought-after Sportstop version, with all controls and lines at your fingertips. It differentiates itself from flybridge catamarans by providing easy access from the helm to the mast and boom, an excellent line of sight and communications to the cockpit, galley and saloon whilst maintaining visibility to all four corners of the vessel.

There is no compromising comfort and luxury for performance in the Lagoon 52 S. With its diamond-shaped vertical bows, bevelled hulls, and tall, powerful rig enhancing every sail whilst remaining faithful to elegance, comfort, safety, and user-friendliness. This model of Lagoon 52 S has crossed the Atlantic Ocean multihull ARC in third place, with only two custom high-performance composite catamarans in front.

It is offered for sale with an inventory that needs few embellishments. Equipped and enhanced with comprehensive factory additions and custom Lagoon specifications such as Alpi Oak furniture upgrades, custom Vanilla Corian countertops, Clamshell Corian to owner's suite, 100L water heater, B&G chartplotter (upgraded to the ultra-fast 'S' version), upgraded 'Halo 24' radar, upgraded Forward scanning Sonar.

The owners have further upgraded these Lagoon additions to include Watermaker with all freshwater tanks retained, LG washer/dryer, custom 2000-watt solar arch setup, 9KW Generator, Victron 5KW Quattro Inverter/charger, Custom ultra-high spec Highfield Ocean Master 390 tender with 50 HP outboard.

With her first year's warranty, annual checks, and maintenance completed in February 2022, including full antifoul, prop speed, and new anodes, she does not leave much to be desired and is ready and raring to go. The price is exclusive of taxes and duty so that it can be sold & delivered anywhere in the world.

Please contact Robert Vrind for further details and to arrange an inspection in New Zealand.
