Description

Now AUD \$2,350,000 -Make An Offer

Lagoon 620 'BLUESTREET' is now exclusively for sale with YOTI and available for inspection on the Gold Coast, Queensland.

Bluestreet is a comprehensively specified Lagoon 620 that captures the essence of luxury blue-water cruising. Designed by VPLP with interiors by Nauta, she combines immense volume with superb performance and extensive recent upgrades for self-sufficient, long-range cruising.

Overview

Bluestreet has been meticulously maintained and is very well presented. Twin Volvo Penta D3-150s (serviced May 2025 with new turbos in 2025) drive conventional shafts with folding Gori propellers for smooth, efficient performance. A 17.5 kVA Onan generator, five Mastervolt lithium batteries, Victron/Mastervolt charging and inverter systems, 18 solar panels and two wind generators together deliver genuine off-grid independence.

Interior & Comfort

The four-cabin layout includes a generous owner's suite with direct deck access, plus three further ensuite, air-conditioned cabins for guests. The saloon offers panoramic views, dual lounge areas and a forward navigation station. Comfort and entertainment are elevated by Frigomar 70,000 BTU climate control, an LG OLED TV with Bose sound system, and multiple individual Fusion systems throughout the yacht.

Galley & Domestic Systems

The well-appointed galley is designed for serious onboard living and entertaining, featuring a Bosch 5-burner stove, Nardi oven, Samsung 635 L fridge/freezer (new 2023), Asko dishwasher, Miele washer/dryer, microwave and coffee machine. Additional refrigeration in the cockpit and on the flybridge, dual 60 L water heaters and a Stella 240 L/h watermaker further underline her live-aboard credentials.

Navigation & Electronics

A comprehensive Raymarine suite was renewed in 2024 and includes 19" and 16" Axiom 2XL displays plus two 7" repeaters, radar, AIS, dual autopilot stations, a wireless Smart Controller and VHF remotes. Starlink satellite internet provides reliable global connectivity for work, navigation and entertainment.

Rig, Sails & Deck

The Hall Spars carbon mast and boom, standing rigging renewed in 2022, and electric furlers support a powerful and versatile sail plan comprising mainsail, genoa, staysail and Code 0. Sail handling is simplified with Harken #74 electric winches. The flybridge offers twin helm stations, additional refrigeration and a superb social space, complemented by a forward lounge with bimini.

Additional Equipment

Her extensive inventory includes a Highfield 460 tender with Honda 60 HP on a Tenderlift platform, bow thruster, Bauer dive compressor, twin life rafts (new 2020) and copper-clad antifouling (topped up October 2025).

Bluestreet is an exceptional Lagoon 620 -- powerful, elegant and thoroughly equipped. Ideally suited to world cruising
