Description

This Schionning Prowler 11.6 was launched in 2009 and is now for sale with YOTI Sydney.

Schionning's designs have been recognised in the marine industry for many years as stylish, safe, comfortable and performance oriented and this Prowler 11.6 model is certainly all of these.

Of the four cabins, two are queen size berths and two are single berths and there is separate shower and toilet areas. The open plan main saloon has generous seating arrangements around the dining table for entertaining guests, with easy access to the galley. A popular feature of this model is the large versatile cockpit with BBQ that can be enjoyed in all weather conditions.

Powered by twin 100hp Yanmar diesels she achieves a top speed of 20 + knots and cruising speed of 12 knots, using just 16 litres of fuel per hour.

The visibility from the flybridge is excellent especially when manoeuvring in tight spaces and has 360-degree penthouse views when relaxing at anchor. The recently installed Simrad navigation system and autopilot make safe navigation simple. Two engine batteries and two house batteries have recently been replaced and are kept topped up by the solar panel input.

The boat was slipped, antifouled, propspeed applied and motors serviced July 2020 and is ready to enjoy for weekends away or extensive cruising.

For further details or to arrange inspection on the Brisbane Waters please contact Ian Greentree 0437 397 298.

Features

Designer	Schionning Group
Builder	Barry Moore
Water (Potable) Capacity (l)	600 ltrs in 3 tanks
