Description

Price: AUD \$490,000

Built in Finland in 2000 and delivered to an Australian client in the Mediterranean for several European regattas, LOKI is a Swan 48 now located in Sydney Harbour and exclusively for sale with the team at YOTI.

Her first owner specified LOKI with offshore regattas as a priority. Her hull and deck laminate schedule was upgraded from standard. She was ordered with the 2.9m regatta keel, Offshore Spars Carbon mast and boom, race winch package, and an upgraded sailing instrument inventory.

The German Frers Nautor Swan 48 is an iconic yacht and widely regarded as one of the most popular and successful Swans. The layout of LOKI is incredibly practical for family cruising. Her V-berth is spacious and nicely separated from the second cabin aft. Her saloon is light and spacious and accessed from the main campaign way and the second crew cockpit. The main cockpit has most of the boat's operations and access to the aft cabin for easy crew communication below. Her large and very functional galley is aft and to port and cleverly uses the area joining the aft cabin and saloon.

LOKI has a pedigree rarely seen in the Australian market and represents the best of the best production yachts.

Please call YOTI to organise an inspection in Sydney.

Features

Designer	German Frers
Builder	Oy Nautor Ab Finland
Water (Potable) Capacity (l)	240L and 170L stainless steel tanks
Hull Construction Material	GRP with high tech laminate instead of standard.
Hull Type	Monohull
