Price: AUD $599,000

THE ULTIMATE AUSTRALIAN ADVENTURE PACKAGE

2025 Whittley CR3100 OB + 2024 RAM 2500 Laramie 6.7L Cummins Turbo Diesel

Two exceptional machines. One extraordinary opportunity.

Imagine having the freedom to explore Australia on your own terms. From cruising the Whitsundays and exploring the Great Barrier Reef to discovering remote coastal towns, inland waterways and hidden anchorages — all with the comfort, capability and independence of your own premium boat and tow vehicle.

This remarkable package brings together a near-new 2025 Whittley 3100 OB, powered by twin Honda 250hp outboards, and an equally impressive 2024 RAM 2500 Laramie 6.7L Cummins Turbo Diesel.

Carefully selected and set up by highly experienced adventurers, the boat, vehicle and trailer have been brought together to create an exceptional touring and cruising combination.

A different way to discover Australia

This is an opportunity to enjoy the best of both worlds.

Spend your days exploring spectacular waterways, fishing offshore, cruising between destinations or simply relaxing aboard your own luxury sports cruiser.

And when the day's adventure is over, the Whittley's comfortable cabin accommodation offers a whole new dimension to your travels. Whether afloat in a beautiful anchorage or parked up during your overland adventures, the vessel offers the potential to become you own travelling accommodation.

No need to choose between a boating holiday and a road trip. This package opens up the possibility of combining both into one extraordinary Australian adventure.

The Whittley CR3100 OB — luxury meets adventure

Whittley's flagship-style 3100 OB offers an outstanding combination of accommodation, performance, practicality and versatility.

Powered by twin Honda 250hp four-stroke outboards with just over 60hrs, this 2025 model represents a fantastic opportunity to acquire a near-new, highly capable Australian-built cruiser at a great price.

Equally suited to weekends away, extended coastal holidays, entertaining family and friends, or enjoying Australia's spectacular waterways, the Whittley is the centrepiece of this outstanding package.

The RAM 2500 Laramie — serious capability in complete comfort

The RAM is every bit as impressive as the boat it accompanies.

This 2024 RAM 2500 Laramie, powered by the legendary 6.7L Cummins turbo-diesel, has travelled approximately 17,000 kilometres.

Combining formidable towing capability with premium comfort, generous interior space and effortless long-distance touring credentials, the RAM is an ideal partner for this substantial trailer boat.

Together, they offer the potential to move between Australia's remarkable cruising grounds while enjoying the convenience and independence of having your own boat wherever your travels take you, subject to applicable towing and transport requirements.

Expertly considered. Ready for its next adventure.

What makes this combination special is not simply the individual quality of the boat and vehicle, but the thought and experience behind bringing them together.

Set up by highly experienced adventurers who understand the demands of boating, towing and extended Australian touring, this is a thoughtfully matched package for someone who wants to spend more time exploring and less time putting everything together.

For anyone considering a brand-new Whittley 3100 OB, this offering deserves serious consideration.

With a 2025-model vessel, low-hour twin Honda outboards, an included trailer and a near-new RAM 2500 Laramie, it represents an exceptional value proposition compared with sourcing and purchasing a similarly equipped boat and suitable premium tow vehicle separately.

One package. Endless destinations. The freedom to explore Australia by road and by water.

The boat, trailer and RAM are offered together as a complete adventure package.

Enquiries and inspections are welcome from serious buyers. Contact John at YOTI.
